

PACT TO BOOST SOVIET BUYING OF U. S. GOODS

Accord Calls for \$400,000,000 in Purchases During Next Year.

INCREASE OF \$10,000,000

Tariff Concessions and Other Trade Privileges To Be Accorded by U. S.

By The Associated Press
WASHINGTON, Aug. 6.—President Roosevelt proclaimed today a new commercial agreement with the Soviet Union, by which that country is to purchase at least \$400,000,000 in American products during the next year.

The amount of \$10,000,000 more than the amount of goods the Soviet government obligated itself to buy in the country by a similar agreement which expired July 12.

Under the United States policy of unconditional most-favored-nation commercial treatment to Russia for the first time.

This means it will give that country the benefit not only of all tariff concessions but of all other commercial privileges and advantages accorded to other countries.

The state department said the pact became effective on Aug. 4 with an exchange of ratifications between Ambassador Joseph P. Davies and Maxim Litvinov, Soviet commissar for foreign affairs.

It described the agreement as evidence of the intention of the Soviet government with respect to its relations with the United States to continue to pursue policies and actions in harmony with the policy of the American trade agreements act.

The pact, which empowers the President to lower tariffs as much as 50 per cent on certain goods from foreign countries which discriminate against American commerce, reciprocal trade agreements have been signed with 12 foreign nations.

The new agreement, like the one with Russia, will be renewable after one year.

The state department said actual Russian purchases in this country under the expired agreement were about \$37,000,000 in 1935-36 and \$29,000,000 in the first 11 months of 1936-37.

SLIGHT DAMAGE DONE BY ELECTRIC STORM

Two Power Poles Splintered; Abrupt Break Comes in Heat Wave.

Thunderstorms this morning caused the first temporary interruption of the city's electric supply through several days of hot weather, while accompanying lightning caused minor damage.

Lightning struck and splintered two electric light poles of the Marion Electric Power Co., two miles east of Newmans this morning. Power service was not interrupted through it was necessary to repair the poles.

In the city the fire alarm system was damaged slightly when a tree in an alarm box in the east side of Marion was blown out by lightning. No other damage had been reported in the city up to noon.

The thermometer which this morning at 5 o'clock hovered around the 71-degree mark had risen in its upward climb and reached the 82-degree mark by 11 o'clock. Weather Observer E. H. Raffensperger reported.

The weather forecast for today of partly cloudy with local showers tonight and Sunday brought an added sigh of relief from those who enjoy lower temperatures.

Yesterday the maximum temperature was 85 degrees and the minimum 69, while a year ago the temperature was 81 and the minimum 61. Rain fell in Marion at 10 o'clock. Rain which fell this morning measured .45 of an inch. Observer Raffensperger reported.

ONLY ONE POLLING CHANGE IN PRIMARY

Only one change in polling place has been made for the city primary Tuesday, election officials announced today. The change will be in the second ward, precinct B, where the polling place was formerly located at the Bell Road store at 325 North Main street. The new location will be the residence of Lowell J. Smith, three doors north at 333 North Main street. The radio shop has been remodeled, election officials said.

TEMPERATURES

Observer Raffensperger's Report (for period between 5 a. m. today and 5 a. m. today.)
Maximum yesterday 85

Boy Scout Camp John A. Owens Busy Place With Twelfth Summer Outing Season Now in Full Swing

ARTIFICIAL LAKE FOR BOATING AND SWIMMING TWO OF THE 12 LODGES PROVIDING SLEEPING QUARTERS

350 Harding Area Boys Will Attend This Year, Bringing Total to 3,800.

BY BOB BYRD

A 54-acre tract six miles south of Marion forming the most attractive and complete Boy Scout camp in this part of Ohio is bustling with activity in its twelfth summer outing season.

In the 12 years it has been operated, the camp has provided summer outings for more than 3,800 Boy Scouts from Marion and three nearby counties.

This summer's season will serve 350 Boy Scouts when the summer ends, more than 2,000 adults will have visited the camp at courts of honor and other activities open to the public.

The camp takes its name from John A. Owens, a son of the donor, who a short time before his death in 1925 asked that the land be given to the Scouts of this area. It was formally dedicated as a memorial to him.

Even prior to the gift of the camp site in 1925 by the late C. A. Owens, the land was used as a camp for Boy Scouts of Marion and vicinity due to its natural suitability. In the intervening years the council has worked into its limited budget many of improvements that make it unusually well suited as a natural retreat for Boy Scouts of Marion, Wyandot, Hardin and Moscow county making up the Harding area.

The camp represents a combination of nature's beauty—the tract ranks among the picturesque spots in the county—and man-made improvements, conveniences, and facilities to handle a large number of boys during the camping periods.

It has lodges where the boys and their leaders may bunk free from mosquitoes and other insects. It has an artificial pool for boating and swimming. It boasts an assembly lodge where approximately 200 persons can be seated. It has a water cooling refrigeration system to preserve perishable foods. These, added to what nature has provided, give the camp a reputation that extends far beyond the group of counties it serves.

Camp activities are largely concentrated in the east third of the 54-acre oblong tract. In this portion of the land are located the pool, all camp buildings and the most-used parts of the grounds. The remainder includes an open, cleared field used frequently for centers, and a small area of fairly rough, wooded land suitable for nature study and hiking.

The camp is bounded on three sides by farm land—a feature that is considered desirable. The only road bordering it is the Gooding, which runs on the west side.

The entrance is on Owens road one-quarter of a mile west of the Pleasant township school. A quarter-mile lane connects the road and the camp, the latter being in the east third of the tract.

Pool Is Ample
Not far from the entrance is the pool, an artificial lake formed by excavation and fed with water pumped from under ground. It is 300 feet long and the average width is 60 feet. The depth varies from shallow water for boys who can not swim to eight feet in a portion of the pool used for diving. The pool is divided into three areas, according to depth, by floats and during swimming periods instructors and guards are on duty. The camp has modern rescue facilities and two row boats, grappling irons and life belts are kept on the pool.

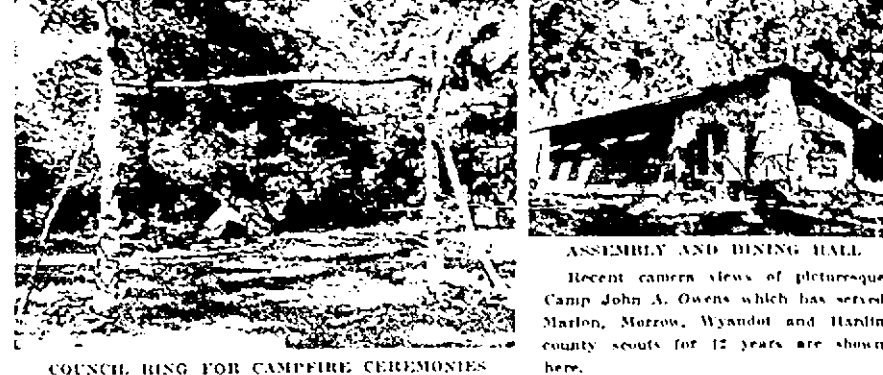

At the north end of the pool stands a pump house and refrigeration building, made of concrete blocks. It is over a 20-foot well which is tested frequently each season for purity and which always has been free from contamination. By pumping the water around chambers for milk and other perishable foods, a refrigeration temperature of 50 degrees is maintained. A drinking fountain outside the building makes a "home-coming" unnecessary.

The pump house building was constructed by the camp staff in 1934.

On the east shore of the pool is a lodge for waterfront leaders, a building that provides living quarters for three persons in charge of water activities during the camping season.

The building nearest the camp entrance is the headquarters, handicraft lodge and museum combined. The handicraft lodge gives camp visitors an opportunity to try their hand at various crafts. The museum includes a collection of moths, butterflies, wild flowers, minerals and other articles.

The largest single building is the

Recent camera views of picturesque Camp John A. Owens which has served Marion, Morrow, Wyandot and Hardin county scouts for 12 years are shown here.

SENATE PASSES HOUSING BILL

Modified Slum Clearance Project Sent to House; Bond Issue Required.

CALLS FOR \$700,000,000

\$26,000,000 Initial Appropriation Needed; Ickes Picked To Direct Work.

By The Associated Press
WASHINGTON, Aug. 6.—The senate passed a modified Wagner housing bill today and sent it to the house. The vote was 64 to 16. The bill would authorize a bond issue of \$200,000,000 during the next three years and an initial appropriation of \$26,000,000 to make loans and grants to public housing authorities for construction of low-rent dwellings and slum clearance. The measure was one of the major points in President Roosevelt's legislative program.

Under Ickes Department
Most of the discussion centered on restrictive and clarifying amendments, many of which were adopted. They included an amendment placing the proposed housing authority under the supervision of Secretary Ickes' interior department.

One of the principal changes was a restriction proposed by Sen. Byrd, Democrat of Virginia, that no housing project could be built with federal aid at a cost of more than \$4,000 a family unit or \$1,000 per room exclusive of land cost and expense of slum demolition.

The senate eliminated from the bill a section which would have authorized the government to build and operate demonstration projects at the rate of \$25,000,000 a year. It added a requirement that each housing project be accompanied by proportionate slum clearance. It specified that not more than 20 per cent of all funds should be spent in any one state.

Three on Board
Membership of the proposed administrative board was reduced from five to three and made bipartisan in character.

A provision requiring President Roosevelt's approval of loans and grants for housing construction or slum clearance was added at the last hour.

MODEL HOUSE OPEN TO PUBLIC NEXT WEEK

Residence on Powhattan St. Built in Cooperation With FHA.

A model house, owned by H. P. Goodieck of the Smelter road and built in cooperation with the federal housing administration will be open for public inspection all next week.

The house is on the south side of Powhattan street, just off of South Vine street. Open house will be observed each day from 2 to 5 p. m. and from 7 to 9 p. m. from Monday through Sunday.

Modern housing ideas were followed throughout in the construction of the house, including many built-in features. Construction was begun this spring and has just been completed. The house is not furnished but is complete in every other detail.

It was built in full cooperation with the FHA program and was financed by a local bank through the FHA. Plans were developed by the FHA and its architects supervised the building.

Triplets Born To Marion Parents; Believed To Be First in City's History

TRIPLET DAUGHTERS were born this morning to Mr. and Mrs. L. A. Cratty of 509 Woodrow avenue.

They are believed to be the first triplets born in Marion in many years. A number of Marion physicians said they knew of no other triplet births in the city's history, and health records of the last decade list no triplet births.

The stock made its first call at the Cratty home at 7:30. About 20 minutes later the second baby was born and 10 minutes after that, as near as nurses could estimate the time, the third baby was born. The Crattys are parents of five other children.

The father of the trio, L. A. Cratty, 42, was routed from a Chillicothe hotel bed at 6 a. m. when it became apparent that the stock was preparing to call.

"He began a race with the stock, hoping to get home before the expected child was born. The stock, however, was an easy winner, and the initial excitement and hurried work attendant to the triplet births had subsided when he arrived shortly after 9 o'clock.

Mrs. Cratty, after making sure Mrs. Cratty was getting along as well as could be expected, glanced at the three new faces in his family, looked at his five other children and thought gratefully of a promotion he received less than three weeks ago.

Mrs. H. C. Murphy, a practical nurse, and Dr. F. G. Smith were in charge when the triplets came. Dr. F. C. Smith, also summoned, assisted in delivery of the third baby.

"Everything worked out nicely," Mrs. Murphy said as she sank into a chair after the first few busy hours had passed. "It so happened that we had plenty of help, and through cooperation there were three nurses on hand. Those who helped are Mrs. Charles Smith, a practical nurse, and Mrs. Lucille Mason, a nurse at the City Hospital and a cousin of Mrs. Cratty who dropped in at just the right time and took a hand in caring for the new arrivals.

Also at the home were four of the five other Cratty children, Dorothy, 12, Cora, 12, Marilyn, 8, and John, 4. Al, 14, and Melvin, 18, was at work. Mrs. Edwin Baker of Prospect motor of Mr. Cratty, and Mrs. C. O. Willey of the Lincoln street, a sister of Mr. Cratty, were also at the home.

Not Named Yet
The triplets had not been named at noon today, and the nurses, for want of better names, were referring to them as No. 1, No. 2 and No. 3. Baby No. 1 weighed four pounds, nine and one-half ounces. No. 2 and No. 3 each weighed five pounds and five ounces.

The children and the mother appeared to be gaining strength steadily this morning, and only one of the three children was regarded in need of medical attention. She was taken to the Frederick C. Smith clinic and remained there late this morning apparently in satisfactory condition. The mother's condition was described as "pretty fair."

Mr. Cratty's arrival shortly after 9 a. m. today was his first visit home since Monday. He is blockman for the J. I. Case Co., an implement concern, contacted (Continued on Page Two)

DEPOSITORS FORGET \$189,039,000 IN BANK

Most Amounts Small but 1,211 Accounts Are from \$10,000 to \$50,000.

By The Associated Press
WASHINGTON, Aug. 6.—The federal reserve board has a list of \$189,039,000 charged up to the bad memory of the American bank depositor.

The money, at the last counting, was kicking around dormant and unclaimed in the nation's banks. It represents accounts of \$646,045 persons. Most of the amounts are small, some just a few cents, yet:

One thousand two hundred and eleven accounts are between \$10,000 and \$50,000; 65 are over \$50,000.

All sorts of people forget money. Wading through the dormant accounts not long ago, a capital LaGuardia.

BOARD ACTS ON COUNTY ROAD REPAIR WORK

Resurfacing Estimated To Cost \$38,931 Given Approval of Commissioners.

ANNUAL COUNTY PROGRAM

Bids To Be Opened Aug. 30; Month Allowed for Completion.

County commissioners today approved estimates of County Engineer Carl H. Tetter for the annual county road surface treating program and decided to advertise for bids. The estimate made by Mr. Tetter at the request of commissioners was \$38,931 for resurfacing of approximately 35 miles of road and new treatment of two additional miles.

Commissioners set Aug. 22 at 10 a. m. as the deadline for submitting bids, and Aug. 30 for starting work and Sept. 30 as the limit for completion.

Bids must be accompanied by a certified check for five per cent of the estimate, and if a successful bidder should decline to go through with the contract the check would be forfeited. The successful bidder must also supply bond equal to one-half the estimated cost.

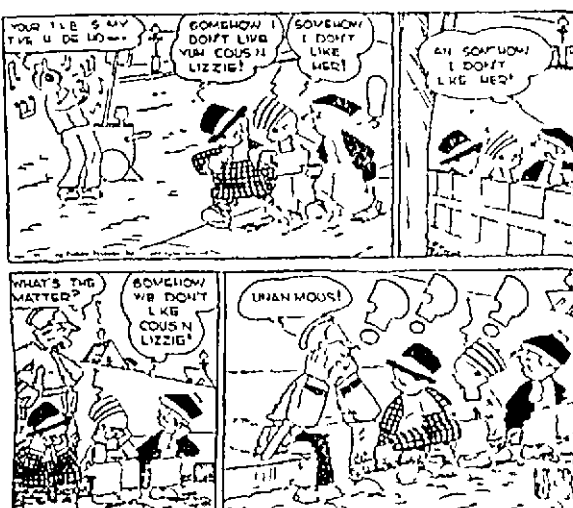

Materials on which bids are made must comply with the state highway department specifications, copies of which are available to bidders at the office of the county engineer.

The break-down of the estimate follows: 300,000 square yards of sweeping; 500,000 square yards of sweeping; 100,000 gallons of asphalt; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; 100,000 gallons of lime; 100,000 gallons of cement; 100,000 gallons of bitumen; 100,000 gallons of kerosene; 100,000 gallons of gasoline; 100,000 gallons of oil; 100,000 gallons of sand; 100,000 gallons of gravel; 100,000 gallons of crushed stone; 100,000 gallons of screenings; 100,000 gallons of slag; 100,000 gallons of cinders; START THIS MODEL AT HOME
TWENTY-THREE A BACK 10
SCHOOL 13401113

Little Susan's sure to get a goliath in fashion when she goes back to school frocked in Pattern 4470. Mother will deserve a goliath star too for choosing such a fetching little frock for her two-to-ten set. It's time to make the little blossom model and a style as practical for playtime dress-up or back to school that your young hopeful will be demanding several versions in a wide variety of colors. Don't you love the flared skirt that joins the waistline in a perfectly pointed, flared skirt. Pair complete with puffed-up sleeves and collar. This youthful picture of chic Grand in a plaid duffle, chambray or percale.

RATHER PECULIAR circumstances with possible disruptions or excitement are foreseen from the predominant lunar and mutual aspects. A mysterious or undemand matter long in circling and mystifying may be brought to the front with beneficial result.

Those whose birthday it is are on the eve of a year calling for much calmness, unshakable and self-control since a tendency to temper recklessness and violence might lead to futile and regrettable situations.

A child born on this day may be vital, ardent and energetic but prone to turbulence, recklessness and self-indulgence unless it is disciplined early.

Cuba has restricted the advertising of medicinal products to the statements of claims approved at the time of registration by the inspection general of pharmacy.

FIDDLER WOOS RAVENNA VOTER

Violin Player Serenades Women To Win Nomination for Mayor.

RAVENNA, O., Aug. 3.—With a professional flourish Jerry Woos, violinist, drew a bow gently across the strings and explained how he came to be fiddling around in politics.

Miko, a 30-year-old music teacher, is a candidate for the Democratic nomination for mayor of this city of 4,000. It is a three-way battle involving Miko and two campaigner of the old school—Clarence O. Gersten and Merle Patch.

Woos, a popular and handsome young man, is a native of Marion, Ohio, and has been in Ravenna for several years.

Miko, a violinist, has been in Ravenna for several years.

"I walk up to a door," he said, "and introduce myself to the lady of the house."

"How do you do?" I say. "I'm running for the Democratic nomination for mayor. May I play you a little music to make your acquaintance?"

"Then if the housewife looks at me she might be of Italian descent, I play an Italian air. If she has a Hungarian name, I swing into a Hungarian melody. If she has a Polish name, I play a Polish melody. If she has a German name, I play a German melody."

"For the young American type I play a jazz melody."

play jazz for town. "Most people like music, you know, and they'll listen to me play when they're alone in the house. I started to talk about municipal expenditures."

Miko is confident that he can handle the problems of government when the time comes. He was a student at Ohio Northern University, studied law at another university and worked as a lawyer's interpreter in Cleveland.

He speaks nine languages fluently. He has lived here for eight years, earning his living as an insurance agent in a music store. He comes from a family of music lovers.

CLARIDON 4-H CLUB ENTERTAINED

Members and two guests were present for the meeting Tuesday afternoon of the Best Dressed Club at the home of Mrs. Jean Porter.

It was voted during the business meeting that each member should donate 25 cents for the decoration of the club's display booth at the Marion county fair.

The constitution of the club was read by Miss Lois Roberts, the leader. Readings were given by Miss Jean Porter and Miss Helen Laver. After group singing, games were played and refreshments were served. Guests were Miss Ruth Frayer and Miss Pauline Klinefelter. The next meeting of the club will be held Thursday, Aug. 13, at the home of Miss Mary Ellen Price.

UPPER SANDUSKY DRIVER ARRESTED

E. T. Rozyman, 46, of Upper Sandusky, was arrested on a charge of drunken driving yesterday afternoon at 3:30 o'clock on route 30-N three miles west of Buryrus by state highway patrolmen from the Marion station. He was taken to the Crawford county jail and was to be arraigned this morning before Justice of Peace J. M. Taylor at Buryrus, patrolmen reported.

ALL GMC AUTO PRICES TO RISE

Olds and Buick To Go Up Aug. 9; Cadillac and La Salle After Aug. 14.

By The Associated Press
DETROIT, Mich., Aug. 6.—Plans for stepping up the retail prices of all General Motors automobiles were announced today. Following closely upon the price increase announced by the Ford Motor Co. and the statement of General Motors' chairman, Alfred P. Sloan, Jr., price leaders were inevitable. Cadillac, LaSalle, Oldsmobile, Pontiac, Chevrolet and Buick divisions of the corporation disclosed that the retail list prices are to be increased.

Effective Aug. 9, Oldsmobile prices are to be increased 145. It was announced. After Aug. 14, Cadillac units will be raised \$100 and LaSalle, 193 Buick will raise retail prices about 2 or 4 percent from \$40 to approximately \$50 on Aug. 9. Pontiac and Chevrolet have not yet determined the dates for their advances.

All Are Affected
Because many producers were understood to be awaiting price action by Ford and General Motors, authoritative sources indicated today a belief all other producers will follow the same course. All have been affected by the increased cost of materials and higher wage scales.

Sloan, in his statement, which blamed labor difficulties for a sharp decline in General Motors gross earnings during the first half of 1933, said that "substantial increases in selling prices" must be expected to result from the trend toward higher wages and other production costs along with a "certain decrease in labor efficiency."

Increases announced were considerably lower than most trade observers had expected to follow Sloan's announcement and led to speculation in distribution quarters as to whether further advances may be expected with the introduction of new models in late September and early October.

Olds, Fisher To Close
It was pointed out in these quarters, however, that the industry expects a heavy volume of production and distribution in 1934 and would be satisfied with small unit profits if a high level of demand is maintained.

The Olds Motor Works announced today that operations will be suspended after tomorrow in preparation for new model production. The Fisher Body plant, which supplies Oldsmobile bodies, also will close. Officials said about 50 per cent of their plant will close for two weeks and the remainder for a month.

The Ford Motor Co. is scheduled to resume production next Monday, after being closed for three weeks, with an announced program of 6,000 cars a day.

MRS. MEYERS DIES AT DAUGHTER'S HOME

Illness of Three Weeks Fatal; Funeral Services Will Be Monday.

Mrs. Caroline Meyers, 59, a native of Germany and a resident of Marion for 57 years, died today at 8:15 a. m. at the home of her daughter, Mrs. D. R. LaRue, 325 South Prospect street. She had been in ill health for the last three weeks.

Mrs. Meyers was a member of the Salem Evangelical and Reformed church, the Ladies' Aid society, the Ladies' Bible class and the Friendship society of the church.

She was born on March 21, 1875, in Germany to George and Caroline Weidner Kull, both natives of the country. She came to this country in 1890 and came immediately to Marion, where she was married the following year to Michael Meyers. Mr. Meyers died 13 years ago.

Surviving are the daughter at whose home she died, a son, Henry Meyers, of 123 South Prospect street, two grandchildren, Carolyn Meyers and Mary Margaret LaRue, and one brother, Adam Kull of 237 Bain avenue.

The funeral will be conducted Monday at 2 p. m. at the LaRue home and at 2 p. m. at the Salem church. Rev. H. C. Andrews, pastor, will officiate. Burial will be made in the Marion cemetery. Friends may view the body at the LaRue home.

MISS EARHART IS ALIVE, VISITOR HERE BELIEVES

H. D. Singer, Former Marion Pilot, Explains Hunch on Fate of Aviator and Navigator.

An interesting theory as to what happened to the flight of Amelia Earhart, the aviator, was given by H. D. Singer, former pilot of the Pan-American Airways, when he spoke briefly at a club meeting yesterday at the city hall.

Capt. H. D. Singer, former instructor in Marion, son of the late H. D. Singer, of Marion, and brother of Mrs. C. F. Singer, of Marion, Capt. Singer will return to Marion Tuesday to visit his parents and will return to his duties as representative of the airway company Monday.

In answering a question of Ed C. Singer, as to what might have happened to Earhart's flight, Capt. Singer said:

"I believe she was flying over smooth water, there is no horizon visible. The sky and the water were the same distance. The fuel supply ran low, they undoubtedly flew low, they possibly landed on land, it is possible that in the low water, they might have flown over water, ended and the water was shallow, and the water was shallow."

Capt. Singer also voiced his personal hunch, that Miss Earhart, the pilot, Fred Noonan, the navigator, had a safety either on an uncharted island or on a fishing vessel. He told club members of the operations of the Pan-American Airways.

SUN AND STARS SHINE BRIGHTLY IN LAURA WHEELER SCRAP QUILT

SUNSET STAR PATTERN 1547

With true quiltmaker's license sun and stars mingle proudly in this quilt "Sunset Star." It allows you to mix favorite scraps of fabric—as many different ones as you wish. Or keep each block uniform in color arrangement. A single block is fun to work up and would make a pillow that would be a grand addition. Try it! Pattern 1547 contains complete, simple instructions for cutting, sewing and finishing, together with a diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

Send 10 cents in stamps or coin (coin preferred) for this pattern to The Marion Star, Needlecraft Dept., 52 Eighth Avenue, New York, N. Y. Write plainly pattern number, your name and address.

Marriage Meddlers

BY ADELE GARRISON

Harry Is Selected to Discipline Girls for Actions.

I SENT a shame-faced grin in Harry Underwood's direction as he adjusted me to "come clean" with the real story of how I had managed to get the false message to the gangsters before their look-out sealed me.

"It was very simple," I said, and told them the whole story. "If you don't know it, Lady Fair," he said, "I'm here to tell you that you served about as nifty a meal tonight from soup to nuts as anybody I want to see. There wasn't a blitch, and you turned every trick. But what on earth the Dicky-bird is going to say to me for sending you into danger like that, I don't know."

"What can he say?" I retorted. "You know that neither he nor I dodge anything that has to be done any more than you or Lil do. And I suppose you would have sent me on that errand if there had been any other possible way out of it."

I made my viceroy affectionately disdainful, and the big man relaxed smiling.

"Yes, I guess you know that," he said, and Lillian put her hands over mine.

"Let's tin the post mortem," she said. "The job's done, and done well, and except for a bump on her head which will get smaller by the minute, Midge is none the worse."

Must Have Lecture

"I wonder if the girls realize that it wasn't alone the place," I began hesitantly, to change the subject. There was a sudden spark in Lillian's eyes.

"I get you," she said. "If they hadn't tacitly encouraged the orchestra men, the gunmen in all probability would not have cut in, Harry!" she turned imperatively to her husband. "You're elected for this job. You're an impressive cut, and they'll listen to you."

Mr. Underwood squirmed, with all a man's distaste of delivering a lecture to youngsters, but his wife was firm.

"We know girls, Midge and I," she said. "They'd listen to us respectfully, but secretly they'd go on with the orchestra men having nothing to do with the gunmen cutting in on them. They're solid on the idea that the place was the big thing at fault, and they'll be ready to steer clear of it like the future. But they need to have the other notion put over with a bang, and you can do it. But don't you dare bring us into the picture. In fact, I may do a little disorienting. How about you, Midge?"

"Please," I said, with sudden weariness. "Let me stay completely out of it. I don't feel equal to picking up any part of this."

"Forgive me," Lillian pleaded contritely. "You certainly have done your good deed for today. You don't need to say or do a single thing more. But, really, one of your rewards should be the faces of those two boys. Did you ever see anything more beautiful?"

I nodded, feeling a warm glow at my heart, for my husband's orphaned nephews were patently in the seventh heaven after their humiliation of the evening.

"The girls are evidently on their very best behavior," Lillian said. "It's a shame to call 'em in for a lecture, but it's pretty nearly time we were getting away from here, don't you think so, old dear? I feel a yen to get going while the going's good!"

Chrysler Officials Strike at U. A. W.; Union Labels Shutdown a "Lockout."

By The Associated Press
DETROIT, Aug. 4.—Charges and countercharges flew like sparks from an awful as conference carried their dispute over a shutdown of the Plymouth Motor Co. plant into a third day of negotiations today. An estimated 25,000 are idle as a result of the stoppage. A spokesman for Chrysler Corp., Plymouth parent concern, described as a "tissue of inaccuracies" a statement by Homer Martin, international president of the United Automobile Workers of America. Martin ascribed the shutdown to a "lockout" in violation of an agreement that ended a strike affecting all Chrysler divisions last March and charged that the company had "coddled" a rival union which was independent of national affiliations.

The company charged the U. A. W. with violation of the same March compact, negotiated in the office of Gov. Frank Murphy in the state capitol, on three counts. The accusations were that union members had "intimidated" specifically, beaten — Plymouth employees, staged a strike in protest against dismissal of four men the company believed responsible without resorting to the machinery designed to handle such grievances, and participated generally.

TAX BOOKS CLOSED
IN MORROW COUNTY

\$125,000 Collected Although
Charge Was Only \$120,000
Permanent Payments Help.

Special to The Star.
MORROW, Aug. 4.—Easy A. Morrow county treasurer, today closed the books of the current half year. The collection of taxes in response to a request by the collector that the collection be closed and the settlement of the new treasurer, H. L. A. Piper, takes effect on today.

The collection figures will now be turned over to Auditor Taylor for settlement.

The \$125,000 had been collected by the end of the half year. The reason for the collection of taxes in excess of the charge was a large number of delinquents have been settled and the current collection.

The last three years the county has on a high of \$100,000 and the present collection is a record. The county collector, H. L. A. Piper, said the sum of \$125,000, Green said.

MODERN HOSTESSES
MEET IN IBERIA

Two Girls Tell of Their Experience
at State Camp.

Special to The Star.
IBERIA, Aug. 4.—The sixth meeting of the Modern Hostesses club was held Thursday afternoon at the school house. Miss Mary Taylor and Juanita Nease were the hostesses.

Refreshments were served by Miss Taylor and Virginia Stevens. The next meeting will be held Aug. 13 and a lesson on table manners will be discussed.

A social party was held Tuesday at the Iberia school house for Mr. and Mrs. Olan Taylor who will move in the near future to Mansfield where Mr. Taylor has been hired as superintendent of the Midland Hotel and the rural schools in that district.

A short program was presented after which a social time was enjoyed. Refreshments were also served. Credit Robert presented Mrs. and Mrs. LaRue an electric coffee urn from the Iberia committee.

The Ladies Aid of the Methodist church met at the home of Mrs. E. Craley, Wednesday afternoon.

There is light that is spread in the county has been discussed in England for air mail correspondence.

COUNCIL AT NEVADA
HONORS EX-MEMBER

Resolution of Respect For H. A. Smith Passed.

Special to The Star.
NEVADA, Aug. 4.—The Nevada council met Monday evening and a resolution of respect and regret was passed for Councilman Harry A. Smith who died recently. It was decided to permit residents to appear before the city limits for as long a time as people are permitted.

The Nevada Grange met Tuesday evening with 25 present. The roll call was answered by whistling a tune, and Mrs. Avonelle Markley received the minutes. The subject of sending a delegate to the state convention was discussed, followed by a debate, "The Good and Bad of the Grange." The women then went to supper.

At the regular meeting of the school board Tuesday evening, H. Buck of Columbus was hired to teach mathematics. It was decided to open school Tuesday, Sept. 1.

The Ladies auxiliary met Tuesday afternoon with Mrs. Rhea Jacobs as hostess. Present were: Mrs. L. L. Lahr, the hostess served refreshments, assisted by Mrs. Jennie Palmer.

Troop 27 of the Boy Scouts and Scoutmaster Edwin Steinmetz worked Wednesday afternoon in working the garden of Mrs. and Mrs. E. H. Campbell. Roy Campbell is recovering from a stroke suffered two weeks ago.

MISS RUTH DODDS
HEPBURN HOSTESS

Special to The Star.
HEPBURN, Aug. 4.—Miss Ruth Dodds entertained 13 members and two guests at the C. I. C. club of the M. J. Sunday school at her home Tuesday evening. The evening was spent playing games, children's games, the guests being dressed as little children.

At the close of the evening's entertainment refreshments of ice cream and cake were served by the hostess assisted by her mother, Mrs. George Dodds. The next club meeting will be with Miss Edna Oliver some time during August.

FORMER GALLOPHE DIES
GALLON, Aug. 4.—Word has been received here by John Delph of the death of his brother, Philip, who was a resident of Baker, Oregon, and a former Gallophe. Delph was also a brother of Mrs. George Jacobs and Mrs. Alonzo Warden of Gallon.

BREAKS LEG IN FALL
UPPER SANDUSKY, Aug. 4.—Mrs. C. C. Whitaker suffered a broken leg Thursday morning when she slipped and fell at her home in Kirby. She was brought to the office of a local physician for first aid and later rushed to Mercy hospital, Tiffin.

CONSERVATION UNIT
MEETS IN CRESTLINE

Decides To Join Ohio League and
Shelter Wild Life.

Special to The Star.
CRESTLINE, Aug. 4.—A meeting of the Crawford County Conservation League was held at Kelly park Tuesday night and was presided over by Dr. W. G. Talbot of Bowling Green and attended by the board of directors. A resolution was passed to join the Ohio Sportsmen's league.

An outline of plans for fall conservation work was given by the president. Work is to consist of protection and maintenance of shelters and feeding stations for wild game. It was planned to utilize the efforts of the boy scouts in this respect. A committee consisting of Dr. K. Y. James, A. D. Johnson, G. L. Graham and Ralph Flowers was appointed.

Rev. Charles H. Lange, the new pastor of the Trinity Lutheran church and his sister, Miss Esther Lange, who is spending the summer with her brother, were guests at a special dinner meeting given by the Crestline Ministerial association at the local Y. M. C. A. Thursday night.

The annual picnic of the Ladies Aid society was held Wednesday in the First English Lutheran church in connection with the regular monthly meeting.

Mrs. George Corman of Gallon was a guest when Mrs. Harry Spade entertained the Friendly Neighbors club Wednesday night.

DISTRICT BRIEFS

KENTON—The First National bank building here has been re-decorated under the supervision of H. H. Kerton. The extensive improvement program had been under way for three weeks.

MT. GILEAD—Tentative plans for a Morrow county tennis tournament are being considered by Cardington players since the completion of three courts at the high school athletic field there. If held the tournament would be open to the county with men and women's singles, men and women's doubles, mixed doubles, and junior events.

AT KIWANIS MEETING
GALLON, Aug. 4.—The annual Kiwanis club picnic for members and families held Wednesday at Dr. H. H. Kerton's cottage, Old Homestead on Lake Erie, was attended by more than 75. A luncheon was served by William Winter assisted by G. L. Meckel.

SCHOOL BOND ISSUE
PASSAGE FORECAST

Special to The Star.
KENTON, O., Aug. 4.—A prediction that the proposed \$100,000 bond issue for erection of a new

elementary school building east of Kenton would pass this fall at a vote of electors in the Hardin central school district was made today by Ralph Daniels, clerk of the board of education.

Mr. Daniels said that school census enumerators had required of each family the sentiment to ward a merger with the Kenton school district and toward the erection of a building of the

new. He said the consensus was overwhelmingly in favor of construction of the district as a school unit and erection of a building.

The Amity class of Trinity Re-

formed church was entertained at a picnic supper at the church Wednesday evening. Mrs. John Weaver was elected a delegate to the state convention at Springfield, March 1, 1935.

The Catholic Ladies of Columbus held a regular meeting Wednesday evening at which Mrs. John Weaver was elected a delegate to the state convention at Springfield, March 1, 1935.

MARION COUNTY 4-H CLUB CAMP LIST IS ANNOUNCED

31 Arrange To Take Part in District Outing in Seneca County Beginning Monday.

Names of 51 Marion county 4-H club boys and girls who will attend the Tri-County club outing at Camp Sandusky in Seneca county today by Automobile County Agent Raymond W. Piter. The camp is divided into two sections. The first for boys and girls from 10 to 14 years old already has its full quota from Marion county.

The second division for boys and girls from 15 to 20 years old lacks four or five of being filled. Mr. Piter said. The junior section will go to camp from Monday to Thurs-

day afternoon, and the senior section from Thursday afternoon, Aug. 12, to Sunday afternoon, Aug. 15.

Near Wyandot Line
The camp is located in Seneca county just north of the Wyandot county line. It will be under the supervision of county extension agents from Wyandot, Crawford and Marion counties. Both the junior and senior sections will begin and end their stays with picnic suppers.

Miss Anna Belle Ralston, Marion county public health nurse, will attend the junior camp and con-

duct classes in health, hygiene and first aid, while Miss Gertrude Ralston of the Crawford county health department will serve for the senior camp.

The program will include handwork, sewing, canning, swimming, boating, first aid and organized recreation. Young men and women from all three counties will attend the camp at the same time.

Marion County List

Those attending the junior camp will be: Mary Ellen Mayers, of Pleasant township; Violet Bollens of Agosta; Peggy Jean Koebe, Betty Jo Cochran, Clair Little, Raymond and Ronald Wilson, Curly Cochran, Richard Walters, Howard and Glenn Price, all of Lalline; Donna Ruth Lettetter and Marjorie Epley, both of Claridon; Edward Dunn Jr. and Dolores Bloch, both of Marion township; and Sidney An-

son and Frank Cooper, both of Claridon.

Those who have signed for the senior camp are: Louise Hixson, Ruth Hixson, Helen Bach, John Kirk Moreland, Paul Hixson, Robert Hixson, John Lawrence, John Miller and Paul Tron, all of Marion township; Wilma Wilson and Charlotte Ann Davis, both of Grand Prairie township; Henry Nickel of Lalline; Ernest Speers of Kirkpatrick and Kenneth Mohler of Meeker.

Mr. Piter urged campers to come well prepared and suggests the following supplies: Three handkerchiefs, comfortable shoes, wash basin, toilet articles, razor, minkie, bathing suit, cap and slippers, clothing changes, cameras, flashlight, overcoats, knives, raincoats and mirrors are also useful, he said. Transportation is furnished by the campers.

Your Health

BY DR. R. S. COPELAND

Child's Heart Murmur.

DURING THE summer months, many mothers will take their children to the doctor for complete physical examinations. At least, I hope they do. This is the time of the year when the child should be given a complete "overhauling."

Diseased teeth, enlarged and infected tonsils, impaired hearing, faulty vision and other physical defects should be attended to during the summer months. He should be made "shipshape" before he returns to school in the fall.

It is probable that many a mother will be disturbed when she is told by the doctor that her child has a heart murmur. But in most instances there is no need for alarm. Heart murmur is usually temporary and disappears in time. It is estimated that from eight to 10 per cent of all children have murmurs at some time or other, but you must not regard the presence of murmur as a sign of "heart disease." This term is justified but rarely. Its careless use arouses unnecessary apprehension, worry and deep anxiety.

If you are told that your child has a murmur, it is well to find out whether it is the temporary type, or if it is an "organic" or perma-

nent murmur. The permanent or organic murmur is produced by a definite alteration in the architecture of the heart. It results from some infection, with roughening of the valves of the heart. It may be caused by an infectious disease, such as acute rheumatic fever, pneumonia, scarlet fever or some other ailment. It may be associated with chorea, "St. Vitus' dance."

All centers of infection, such as diseased teeth, infected nasal sinuses, tonsils or adenoids, should be given attention. These points of infection often cause an added load to the heart, and, if neglected, may lead to further damage to this vital organ.

Bear in mind that a child so afflicted is not doomed. Even with an organic murmur, he can live the average span of life, providing the necessary precautions are taken at an early age.

Children having heart murmurs should report to the doctor at regular intervals. The child should not be made conscious of any physical defect. Yet, the need of care and constant attention must not be overlooked. (Copyright, 1937, R. S. Cope.)

WHOLE WHEAT FLAKES

SPECIAL AT YOUR GROCER'S NOW!

In Ohio History

It was in 1811 that the first wheat was raised in Ohio. It was a small crop, but it was a start.

"HIDE AND TIE"

In the early days of the state when there were only trails to be followed and there was a method in use by which two men could use a single horse, without subjecting it to the burden of a double load, and at the same time give it a short resting period at regular intervals.

One would mount the horse, ride ahead about two miles, dismount and tie the horse by the side of the trail, and push on his foot. The other, coming up the place where the horse had been tied, would

mount the animal, which after its brief rest would be fresh, and carry its rider forward, soon overtaking the man who was walking.

and passing him a mile or more would tie the animal and pass on. This permitted much faster travel than if they kept together.

Peaches and Tomatoes for Canning Due Soon

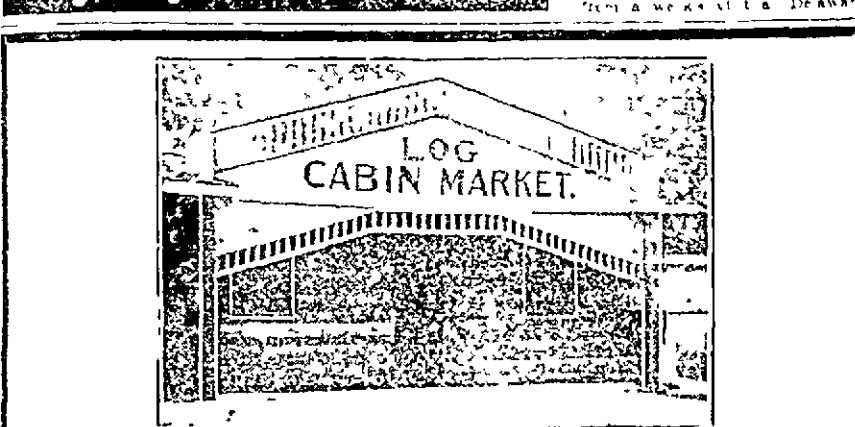

As the season for canning peaches and tomatoes approaches, growers are busy preparing their crops. The peaches are now in the green stage and will be ready for picking in a few weeks. The tomatoes are also beginning to ripen and will be ready for picking soon. Growers are advised to pick the fruit when it is at its peak of ripeness to ensure the best quality for canning.

Supplies of canning jars and other necessary equipment are available at local hardware stores. It is recommended that growers purchase their supplies well in advance to avoid any shortages. The canning process is a labor-intensive one, so it is important to have everything ready before the harvest begins.

Marion Beats Tiffin, Advances As Mansfield Loses

Ken Hollis, Ted Travis To Wrestle Here Monday

Departing from the usual program of two featured 50-minute events, wrestling promoters here will offer next Monday a pair of bouts that should draw wide attention when the grunting and grunting athletes come to Marion for next Monday night's show at the outdoor arena on Thayer avenue.

Ken Hollis and Ted Travis, the pair of western men who battled and bludgeoned each other to a draw in their meeting two weeks ago, will return in a two-fall affair with no time limit. Steve Nesoff, the Indianapolis and former welterweight title claimant, will be matched with Silent Huston of Kansas City.

Nesoff, before he observed his more recent birthday and back in the time when his prominence was considerably down the scale, was touted as one of the top right-hand men in the wrestling world. He was during that period, four years ago, that he and Silent Huston battled in a two-hour draw. The Indianapolis, with his added color and ring experience, is conceded to have some advantage over the little and misanthropic Kansan.

For that reason, Nesoff, in his camp here, may take two straight falls over Huston to win the match. In other words, Nesoff is willing to concede the fact that he is rated slightly above Huston and because of that he is willing to handicap himself for the meeting.

180 READY TO SEEK NATIONAL GOLF TITLE

Forty-First Amateur Competition To Be Started Aug. 23 in Oregon.

By The Associated Press
NEW YORK, Aug. 6.—An entry list of 180 players, picked through their performances in sectional qualifying tests a few weeks ago, was announced today by the United States Golf association for the forty-first national amateur championship, to be played at the Alderwood Club, Portland, Ore., Aug. 23-28.

While the location, distant from many of the biggest golf centers, kept a lot of good players from entering the event, the group which will compete in the qualifying round the first day still reads like a "who's who" of American amateur golf.

Starting with defending champion Johnny Fischer of Cincinnati, who captured Stratford's Jack MeLean in last year's at my final, the entries include scores of the last eight in the 1936 tourney; most of last year's Walker cup players, six former champions and three former national open titleholders. Notable absentees are George Dunlap, the 1933 champion and a Walker cupper, and George Vogt and Ed White, members of last year's cup team.

GEYGANITES NOW 5 GAMES OUT OF FIRST PLACE IN STANDINGS

Marion Manager Hits Homer With One On To Cinch Victory in Second.

In a pitcher's duel between Marion and Tiffin, the lead by the home team, the Marion O'Leary State League baseball club, scored a 2 to 1 victory when Manager Chapple Geygan tapped out the tilling blow, a home-run with one on, in the second inning of the game on the Marion home lot yesterday afternoon.

The win permitted Marion to drop a full game from the lead held by the home team, the Marion O'Leary State League baseball club, scored a 2 to 1 victory when Manager Chapple Geygan tapped out the tilling blow, a home-run with one on, in the second inning of the game on the Marion home lot yesterday afternoon.

In the Marion-Tiffin battle, both pitchers allowed seven hits. The game was called at the end of the eighth by darkness. Marion fanned three batters and with his offer.

GAMES SATURDAY

No games scheduled.

Home Series Two

The Marion-Tiffin series came in the second inning. First baseman Ted Travis walked and Phil Geygan stepped to the plate to cup a long drive over the right field fence that went for a circuit club.

Tiffin scored its lone tally in the fourth on a pair of singles, and after having a sixth inning rally quashed before it started a run, the home team was easily subdued in the following frames. In the sixth, Marion led off with a single and was struck out on second on Wadsworth's field bouncer. Geygan singled to right field and Travis was picked off trying to take third by Stan Platka's ball to throw to Mike White.

With one on and two out, Tiffin still had a hopeful scoring opportunity. Tiffin fans saw their hopes rise and then vanishingly when Vernon Davis appeared to be setting over the fence. Marion's left fielder, Harvey Fisher, started backward at the crack of the bat and took the ball but had off the fence for the third out.

Findlay Tiffin Browns.

At Findlay yesterday the Browns, with the aid of a walk, two singles, an error and a wild pitch by Red Fisher, scored three runs in the eighth to defeat Findlay's opposition, Red Birds, 6 to 1. The Findlay Birds went on a hitting spree before their home fans to take the measure of the great leading Marion club, 7 to 0.

REDS BLANKED, 2-0; TRIBE SUFFERS 5-4 DEFEAT BY RED SOX

Phillies' Home Park Blamed For Team's Cellar Spot: Yanks Rout Chisox.

By SID FEDER
Associated Press Sports Writer
Ask any National League pitcher to describe an egg crate, and the answer, nine times out of ten, will be the Phillies' home park.

You can stand at home plate in that stadium and see the general field and pretty near throw a ground ball over that short right field wall. The boundaries are so close, that when you get up there to pitch, you haven't got room for your windup.

That's the reason the Phils, are playing their home ball at home in the National League, and show nearly a first division record on the road. It also explains why the league pitchers would rather take a salary cut than work in Baker Field and under two of the better fingers, Frankie Walters and Rubeck Lefty Tompkins, such have better than 100 averages away from home this season, and get their bats knocked off more often than in Philadelphia.

The Giants and Cardinals are crying for fingers with their staff, but with the Phils, because of that 254-foot right field home run target, they're as wanted as a hot on a long shot against War Admiral.

To date this year, the Phils have won 21 on the road and only 16 at home, and have dropped 23 on tour and 21 in Baker Field. No wonder they're in the cellar.

In the ten games they've played on their current road trip, they've won six. They're the first outfit to take two in a row from the league leading Cubs since June 26, when they started in Chicago with a seven-runter Wednesday. Yesterday Walters, 2-1, the Cub bats in knots, allowed just four hits and fanned on top 12, to make his season record nine victories and four losses away from home, compared to three wins and six setbacks in Philadelphia.

Yesterday's whipping cut the Cub's lead to five games as the second-place Giants outlasted the Cincinnati Reds to take a 2-0 decision in 12 innings. Clyde Castleton, just out of the hospital and still suffering from the back ailment that put him there two weeks ago, allowed eight hits to best Lefty Dineen in a close one.

Ironhorse Lou Gehrig found the range with a pair of homers, and the Yankees swept their four game series with the White Sox and stretched their American League lead to 1 1/2 games.

RED BIRDS DROP FROM LEAGUE LEAD MILLERS IN TOP SPOT

Columbus Loses to K City While Minneap Overcomes Indianas

By The Associated Press
CHICAGO, Aug. 6.—The Minnesota Twins, who have been power at the plate and pitching job by Joe Mauer, won today, 4-1, over the Cleveland Indians, who were leading the American Association from today.

The Twins downed the Indians 15 to 10 last night at Killebrew was defeating the Columbus Red Birds, 2 to 0. In reaction, back into second place, the Red Birds, who were leading the American Association from today.

There were eight runs in the wild contest. Ray Place, who was leading the Indians, was hit by a home run by Killebrew, who was leading the Indians, who were leading the American Association from today.
